

Girl. Birth year: 2005

Age: 13

The main disease: kidney problems, frequent bladder inflammation, abdominal pain.

The first stay on the regenerative therapy at the Academy: August 2017.

How many regeneration stays were used: 3 times every six months (August 2017, February 2018, August 2018).

Duration of rehabilitation stays: 2 weeks.

Dynamics of health and ailments before and after rehabilitation stays, at various intervals. Tick X where the answer is correct. If the question does not apply to you (e.g. "Did you increase the amount of medication being used?"), leave the whole line without marking.

Symptoms, ailments	Before regenerative treatments %	1 week after treatments %	1 month after treatments %	6 months after treatments %	1 year after treatments %	2 years after treatments %
Abdominal pain	X since 2012	Disappeared	Disappeared	Disappeared	Disappeared	Disappeared
Quick fatigue	x	Disappeared	Disappeared	Disappeared	Disappeared	Disappeared
Feeling unwell in general	x	Disappeared	Disappeared	Disappeared	Disappeared	Disappeared
Problems with hormones	Yes - painful and long menstruation	None. Regular and painless periods	None. Regular and painless periods	None. Regular and painless periods	None. Regular and painless periods	None. Regular and painless periods
Herpes problems	x Yes	None	None	None	None	None
